

CDMCS Pipeline Task Force Strategic Plan

VISION

Eliminating all underwater pipeline incidents during dredging activities.

MISSION

Deliver solutions that support safe work practices, increase public awareness, and strengthen the accuracy of underwater pipeline data through inter-agency, public-private collaboration and information sharing.

CORE VALUES

Teamwork ♦ Trust ♦ Transparency

<u>GOAL 1</u> Support Safe Work Practices <i>(Best Practices Team)</i>	<u>GOAL 2</u> Increase Public Awareness <i>(Training, Awareness & Education Team)</i>	<u>GOAL 3</u> Strengthen Data Accuracy <i>(Government Coordination & Information Exchange Team)</i>
<p>Objective 1a: <i>(Devon Carlock)</i> Develop a suite of best practice resources to establish clear guidelines and expectations for the dredging and pipeline industries. Action 1a1: LOGIC MODEL #1</p> <p>Objective 1b: <i>(Person responsible)</i> TBD at a later date. Action 1b1:</p>	<p>Objective 2a: <i>(Ed Landgraf)</i> Develop a coordinated and collaborative public relations campaign to raise awareness and market the products of the Best Practices Team. Action 2a1: LOGIC MODEL #2</p> <p>Objective 2b: <i>(Person responsible)</i> TBD at a later date. Action 2b1:</p>	<p>Objective 3a: <i>(Michael Gerhardt)</i> Equip the Army Corps with accurate and verified as-built data on all current and future underwater pipeline installations for entry into their Pipeline Location Observation Verification Enterprise Repository (PLOVER) database. Action 3a1: LOGIC MODEL #3</p> <p>Objective 3b: <i>(Person responsible)</i> TBD at a later date. Action 3b1:</p>
